

Los Tres Toños

Tequila Blanco 100 % Agave

Have you ever tasted white spirits with smoky aromas? For those who enjoy single malt whiskey, Los Tres Toños will be an elevating experience. Los Tres Toños is as far as we know the closest one will get to Islay in Mexico! Los Tres Toños is best served as an exclusive digestive/avec slightly chilled at 14°C in a Riedels tequila glass. Los Tres Toños is also available as Reposado and Añejo. The Añejo received a shared bronze medal at the "Guldkorken" awards at Vin & Avcemässan 2005, and the Reposado received "Very strong recommendation" in the magazine "Livets Goda" #17 2005.

Character

Clear. Herbs, tar, smoke and citrus defines this tequila. Soft entry with medium body that takes a rougher turn with aromas of herbs and smoke. Finishes peppery and sugar-sweet. A tough Blanco with unusual character – smoky un-aged tequila is hard to come across.

Manufacturing

The agave used for making Los Tres Toños is grown on the fields in the outskirts of Amatitan, bringing notes of citrus and herbs. The production methods make Los Tres Toños unique - the agave is cooked for an extraordinary long time, which makes the tequila remarkably smoky.

Distillery

Los Tres Toños Añejo is produced by Tequilas Selecto de Amatitan in Amatitan, Jalisco, Mexico. Tequilas Selecto de Amatitan is a family-owned and relatively young distillery. The owners used to work in the agave fields with a dream of owning a distillery of their own. This was made possible in the late 90's due to savings and one particularly good harvest.

Hard Facts

Category	Distiller	Weight/bottle
