

# Los Tres Toños

## Tequila Extra Añejo 100 % Agave

Los Tres Toños Extra Añejo is the finest of Tequila Selecto de Amatitans products and it was launched on a world wide basis by AliasSmith in April 2007. This tequila has been aged for more than three years, and has a sweet tone of almonds besides the distinct smoky character. Los Tres Toños is best served as an exclusive avec slightly below room temperature in a Riedels tequila glass. For those who enjoy aged single malt whiskey, Los Tres Toños will be an elevating experience. Los Tres Toños is as far as we know the closest one will get to Islay in Jalisco!

### Character

Dark red amber. Herbs, flowers and specific notes of toffee. Opens rather peppery with honey aromas and continues with almonds and smokiness. This tequila has a true character of bourbon from the barrels, yet it is well balanced and very complex.

### Manufacturing

The agave is cooked in an autoclavé, which extracts aromas from the raw agave plant. The making process of Los Tres Toños Extra Añejo is special – the pot stills are heated with wood and the barrels used for ageing are toasted hard (HT). Los Tres Toños Extra Añejo is aged for at least three years in bourbon barrels. It is the distillation and the ageing that gives this tequila its distinct smoky aromas.

### Distillery

Los Tres Toños Extra Añejo is produced by Tequilas Selecto de Amatitan in Amatitan, Jalisco, Mexico. Tequilas Selecto de Amatitan is a family-owned and relatively young distillery. The owners used to work in the agave fields with a dream of owning a distillery of their own. This was made possible in the late 90's due to savings and one particularly good harvest.

### Hard Facts

Category	Distiller	Weight/bottle
Tequila 100 % Agave	Tequilas Selecto de Amatitan	1,6 kg
