

# Reserva del Señor

## Tequila Reposado

Aromatic, almondy and rather sweet tequila primarily aimed for cocktail and drinks. It is traditionally made in pot still from 80 % agave (usually only 51 % agave is used in tequila) and has been aged for as much as nine months in whiskey barrels. It was awarded double gold in the San Francisco World Spirits Competition 2003 and gold by the Beverage Tasting Institute in 2004. It is perfect for cocktails and drinks, but it works surprisingly well chilled as an aperitif.

### Character

Dark amber. The aroma is dominated by almond and butter scotch. Distinct character from highland agave with noticeable sweetness. Begins with honey sweetness and almond, notes of oak and butter scotch. Medium finish with some pepper, chocolate, coffee and sweetness. A very nicely perfumed reposado with character from the barrels used.

### Manufacturing

Tequilas del Señor's agave fields are located in Los Altos but the distillery is in the outskirts of Guadalajara next to the beautiful colonial paths of Tlatepaque. The agave is cooked in an autoclave, which extracts aromas from the raw agave plant. Reserva del Señor is twice distilled in pot stills made of stainless steel and then aged in whiskey barrels for nine months.

### Distillery

Tequilas del Señor was founded in 1943 by Don Cesar Garcia who passed it on to his son Manuel Garcia Villegas to carry out the business. Tequilas del Señor is one of the biggest tequila producers in Mexico, though they don't come close to the volumes that José Cuervo and Sauza produce.
